Hi Bob

Please also note that there is no need for accelerator in the shotcrete for the portal support.

Christoph

**Subject:** Gold King Shotcrete

There seems to be some delay in getting the shotcrete spec finalized and approved. EPA/ER being in the middle of these discussions doesn't seem to be the most efficient means of resolving. This needs to be resolved today to match the significant progress being made on site by the work crew. Please communicate directly and respond with the results.

Bob Heeter: Personal Phone/Ex. 6

Christoph Goss: Personal Phone/Ex. 6

Thank You

Matt Francis
